Education and vocation are a top priority at Daytop NJ as it is an important step to transition back to the community and be a productive, responsible member of society. Options include enrollment into the Daytop Academy, homeschooling program, GED programming, vocational training, and or assistance gaining employment in the community. Each individual receives an individualized assessment to determine the best option.

“Before Daytop, I lost everything and now I have my family back” - Jessica

Daytop New Jersey is able to access public funding for all levels of care throughout the full continuum of residential, outpatient, intensive outpatient, and halfway house (women only) programs.

“I know it’s going to be a long road but I have the most powerful tool of all… HOPE”
- Michael

“I dropped out of school before Daytop NJ and now I have my GED and have been accepted to college. The sky’s the limit”
- Skylar

In all of our settings youth, and adults have access to a full array of individual, family and group therapy including psychiatric evaluation with ongoing assessment and medication assisted treatment, when appropriate.
